## Electroweak physics at LHCb

*Friday, 4 July 2014 16:50 (20)*

The LHCb forward acceptance covers a range of rapidities not accessible by the other LHC experiments, allowing for complementary measurements. We report recent measurements of electroweak boson production, either inclusive, or in association with a jet or a D meson.

### Summary

**Primary author(s)** : LEROY, Olivier (CPPM, Aix-Marseille Université CNRS/IN2P3, Marseille, France)

**Presenter(s)** : Dr. FARRY, Stephen (University of Liverpool)

**Session Classification** : Top-quark and ElectroWeak Physics

**Track Classification** : Top-quark and ElectroWeak Physics
