Searches for Pseudo-scalar Higgs Bosons in the context of 2HDM, MSSM, and NMSSM scenarios with the ATLAS Detector

Saturday, 5 July 2014 11:45 (20)

Searches for pseudo-scalar Higgs bosons in the context of 2HDM, MSSM, and NMSSM scenarios with the ATLAS detector are presented.

Summary

Primary author(s) : ROOS, Lydia (CERN)

Presenter(s) : Dr. FENG, Eric (Argonne National Laboratory (United States))

Session Classification : BEH Physics

Track Classification : Brout-Englert-Higgs physics
