## Search for Dark Matter at CMS

*Friday, 4 July 2014 12:00 (15)*

The search for Dark Matter at CMS is presented. Monojet, monophoton, and monolepton final states are all considered, as well as dark matter particles that are produced in association with top quarks. The interpretation of these results as a WIMP are discussed.

### Summary

**Primary author(s)** : MEYER, Arnd (RWTH Aachen University)

**Presenter(s)** : Prof. LOWETTE, Steven (Vrije Universiteit Brussel)

**Session Classification** : Beyond the Standard Model

**Track Classification** : Beyond the Standard Model
