Tuesday 08 July 2014

Industrial opportunities in future High Energy Physics projects (18:30-21:00)

-Conveners: Manuel Moreno; Fco. Javier Cáceres

time	[id] title	presenter
18:30	[1084] Future new projects and windows of oportunitites at CERN	Dr. JIMÉNEZ, José Miguel
18:35	[1085] Perspectives in China for future experiments in particle Physics	Prof. GAO, Jie
18:40	[1086] The International Linear Collider in Japan	Prof. YAMAMOTO, Akira
18:45	[1087] Prospects for future accelerator based experiments in the US	Dr. PEGGS, Stephen
18:50	[1088] Accelerator activities in Spain. CONECTA: Spanish Coordination on Accelerator's Science and Technology	Dr. PÉREZ, José Manuel
18:55	[1089] Open discussion on industrial opportunities in future projects of particle physics
