

# *Athena PileUp OF Studies with singlepions*

**Ximo Poveda**

TileCal Valencia Meeting  
27-July-2007

# Status

- 4 MEvts single pions produced by Bruce with digits instead of raw channels in the RDO files (many thanks!!)
- Ready to run 4 reco methods (Fit, OF, ManyAmps, Flat Filtering) on them
- Also need to produce the events with min bias pile-up
- Need to run the jobs on Valencia
- Use custom athena setup, with our own packages
