

The quest for new physics

Thursday 13 December 2018

Session 6 (11:00-13:00)

time	[id] title	presenter
11:00	[34] The International Linear Collider, status and scientific case	FUSTER VERDU, Juan Antonio
11:30	[32] The origin of flavor mixing from dihedral groups and Dirac neutrino masses	DING, Gui-Jun
12:00	[33] Some aspects of Leptogenesis with discrete flavor symmetry	Prof. GIRI, Anjan
12:30	[16] A global fit of right-handed neutrinos with GAMBIT	Dr. HARZ, Julia
