

Una hoja de ruta para las astropartículas en España

Reunión CPAN/RENATA

Granada 26-28 Noviembre 2012

Roadmap to the roadmap

1. Members of the RENATA committee write a statement of interest for his/her area for the next 5/10/15? years, including for each experiment:
 - **Global** for the experiment:
 - Science case: scientific impact in the field
 - Groups involved and manpower (FTEs)
 - Cost
 - Schedule
 - For the **Spanish contribution** to the experiment:
 - Groups involved and manpower (FTEs)
 - Experience
 - Investment
 - Impact in the experiment
2. Organize a dedicated RENATA general workshop to discuss these statements (all RENATA):
 1. Present all statements of interest.
 2. Compare situation in all areas.
 3. Understand priorities.
3. Committee uses feedback from meeting attendees to write a draft of the roadmap.
4. Send to whole RENATA by e-mail for corrections and comments. Discuss and integrate corrections until consensus.

Actions: Schedule

- 30 enero: deadline para que el comité **defina plantillas** con lo que queremos saber de todo experimento
- 15 marzo: deadline para que los experimentos **rellenen las plantillas**
- 20 septiembre---- 20 octubre (hay que hacer doodle): **workshop** de ~2 días para presentar análisis plantillas y tratar de definir prioridades. Lugar: IFT o UB –será parte del doodle
