

International Workshop on Effective Field Theories: from the Pion to the Upsilon

Tuesday 03 February 2009

Tuesday Afternoon (continue) (16:30-19:00)

time	[id]	title	presenter
16:30	[47]	EFTs in Nuclear Physics	MEISSNER, Ulf-G.
17:10	[48]	Nucleon-Nucleon effective field theory with dibaryon fields	TARRÚS, Jaume
17:30	[49]	Permutation group S_N and hadron spectroscopy	PIRJOL, Dan
17:50	[50]	The nucleon recoil effect in antikaon-deuteron scattering at threshold	BARU, Vadim
