

Optical Fibre Setup

Update SiPM Characterisation

Goals

- Shield setup, optimise positions
- Determine single PE signal
- Calibrate SiPM

Goals

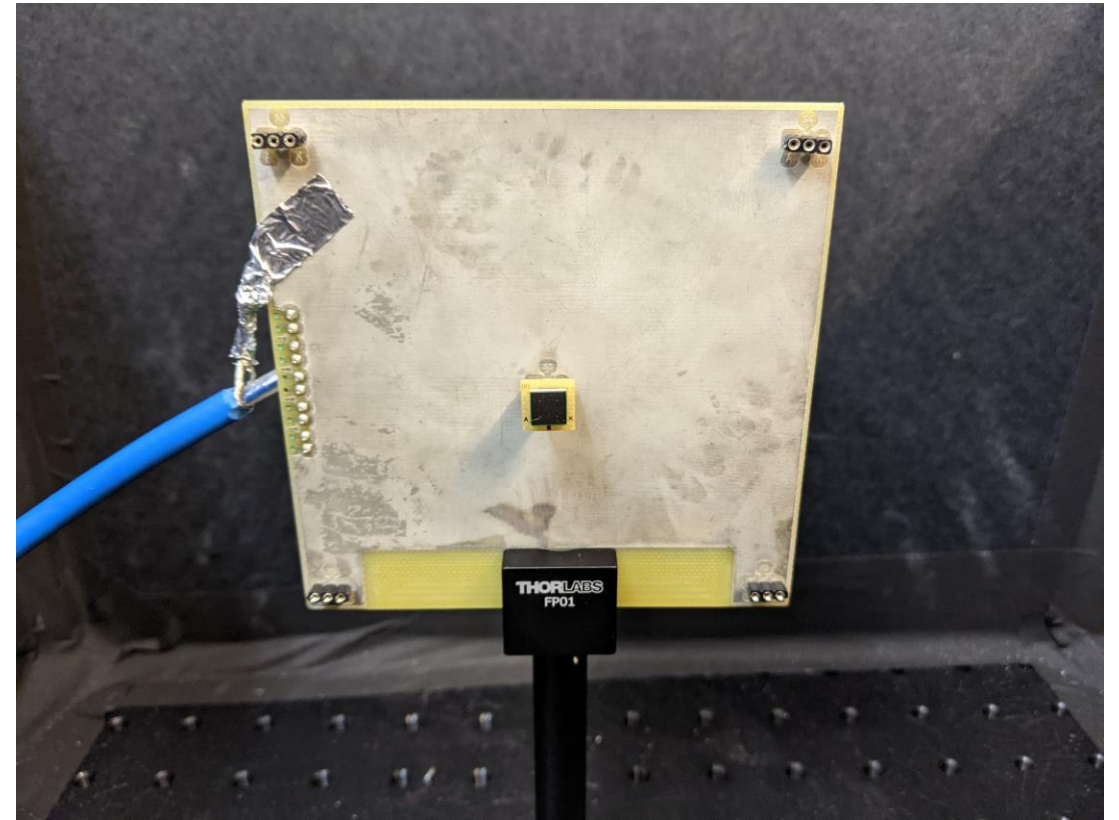

- Shield setup, optimise positions
- Determine single PE signal
- Calibrate SiPM

Work in progress

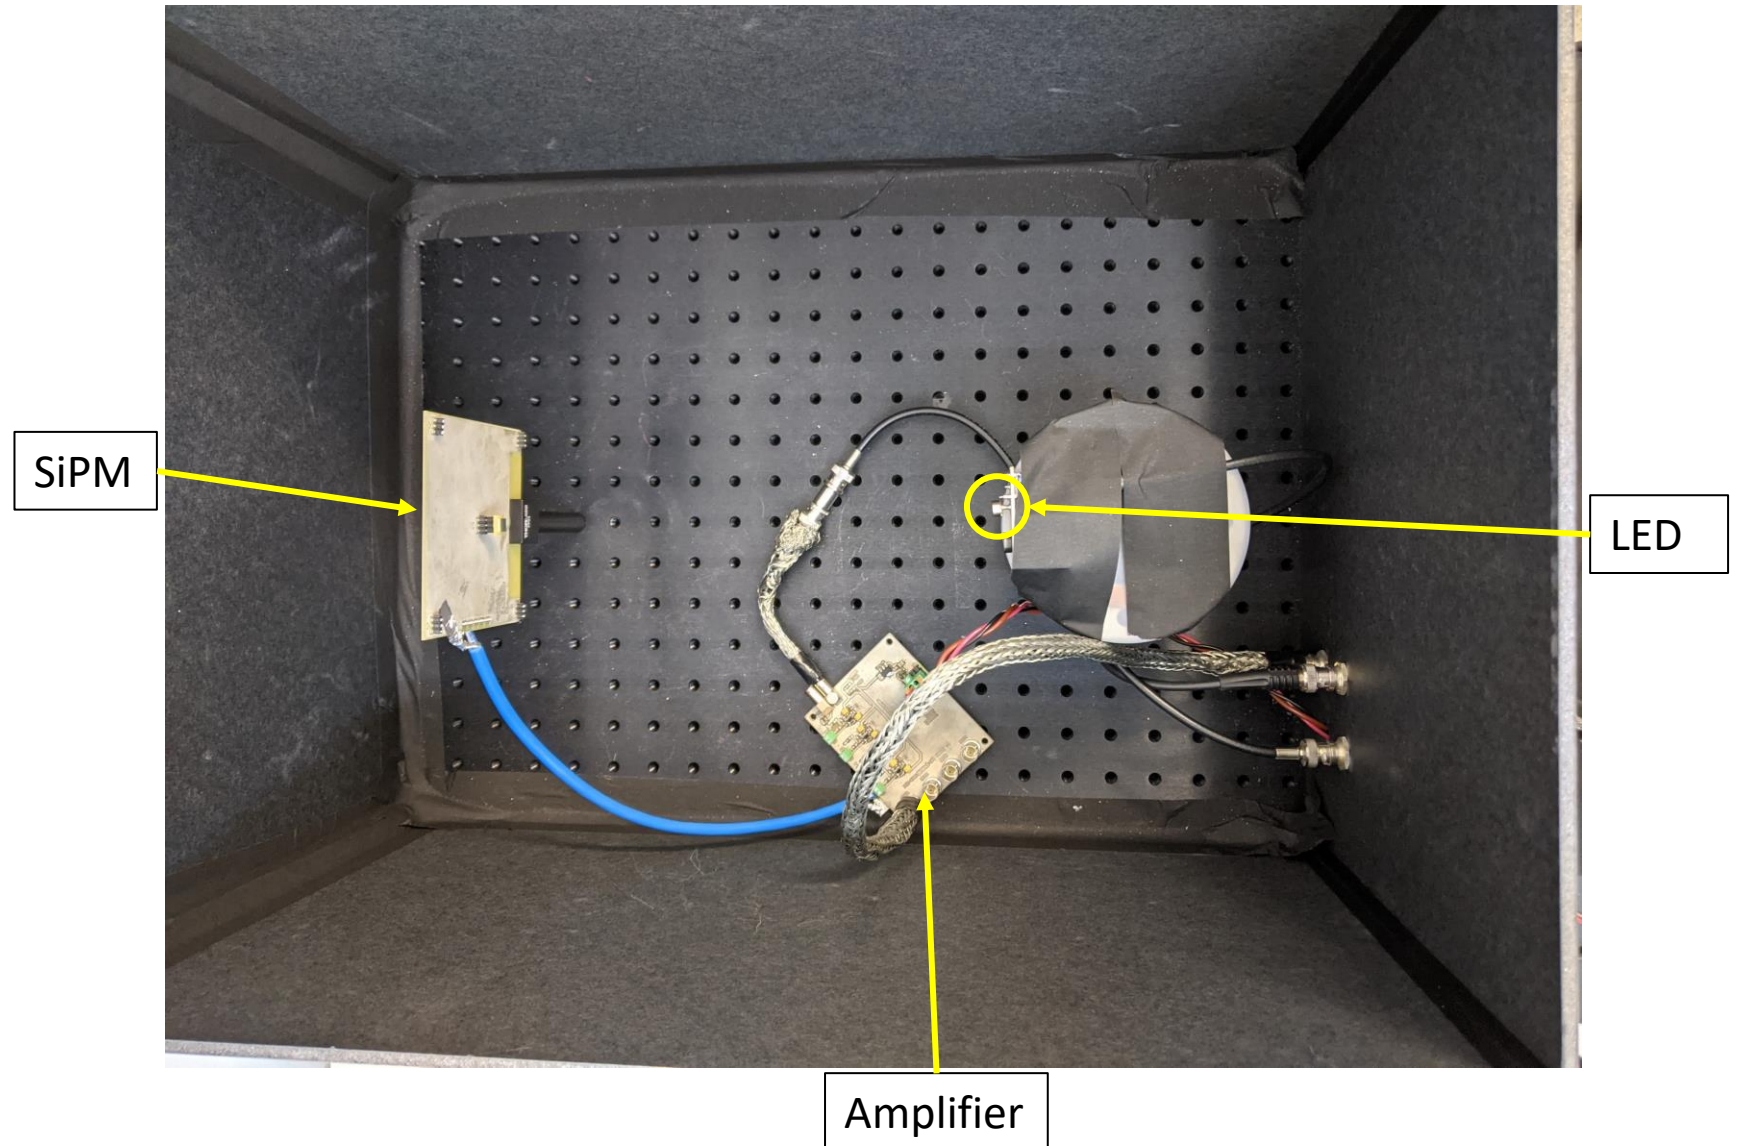

Goals

- Shield setup, optimise positions
- Determine single PE signal
- Calibrate SiPM

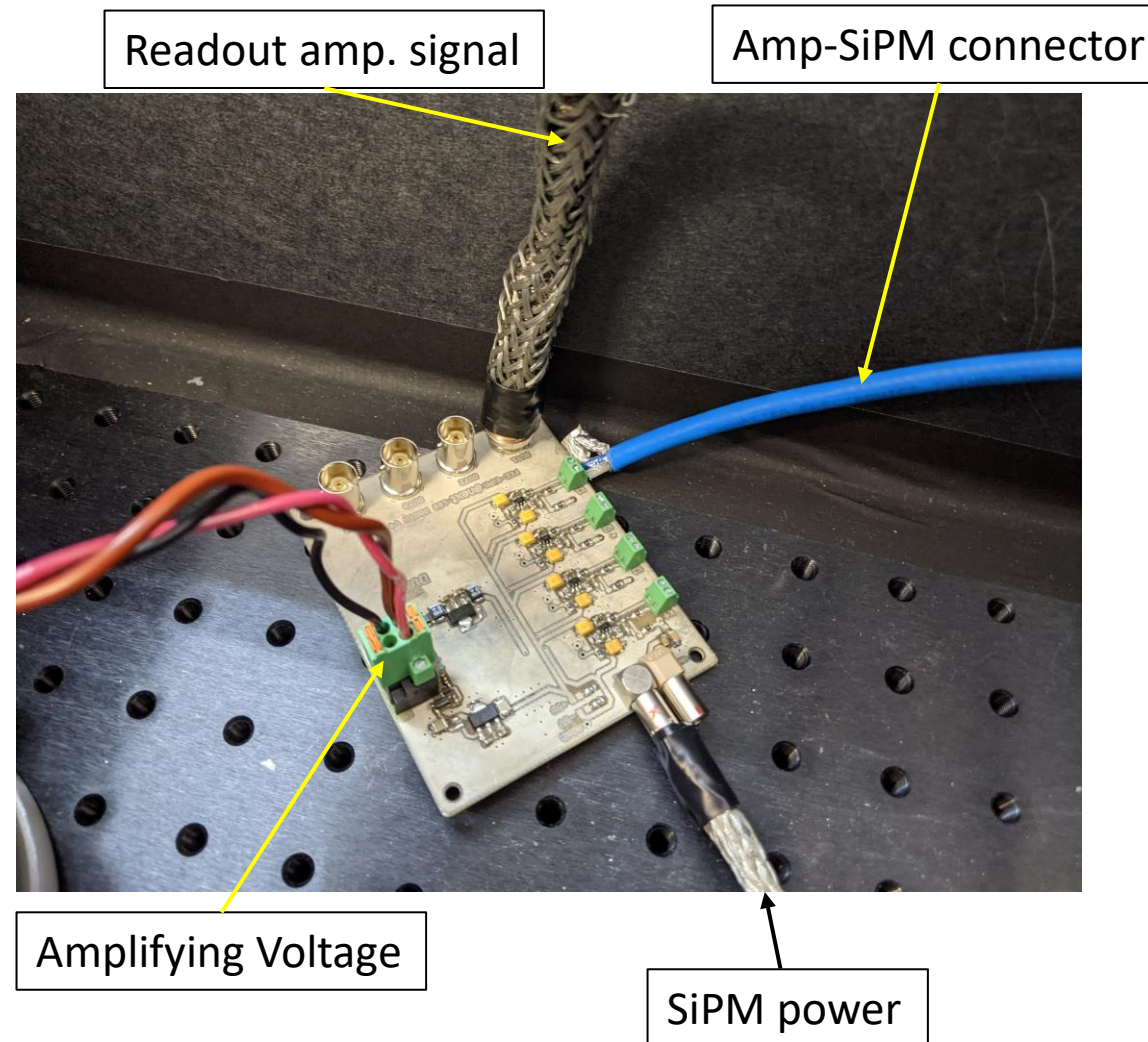

Setup

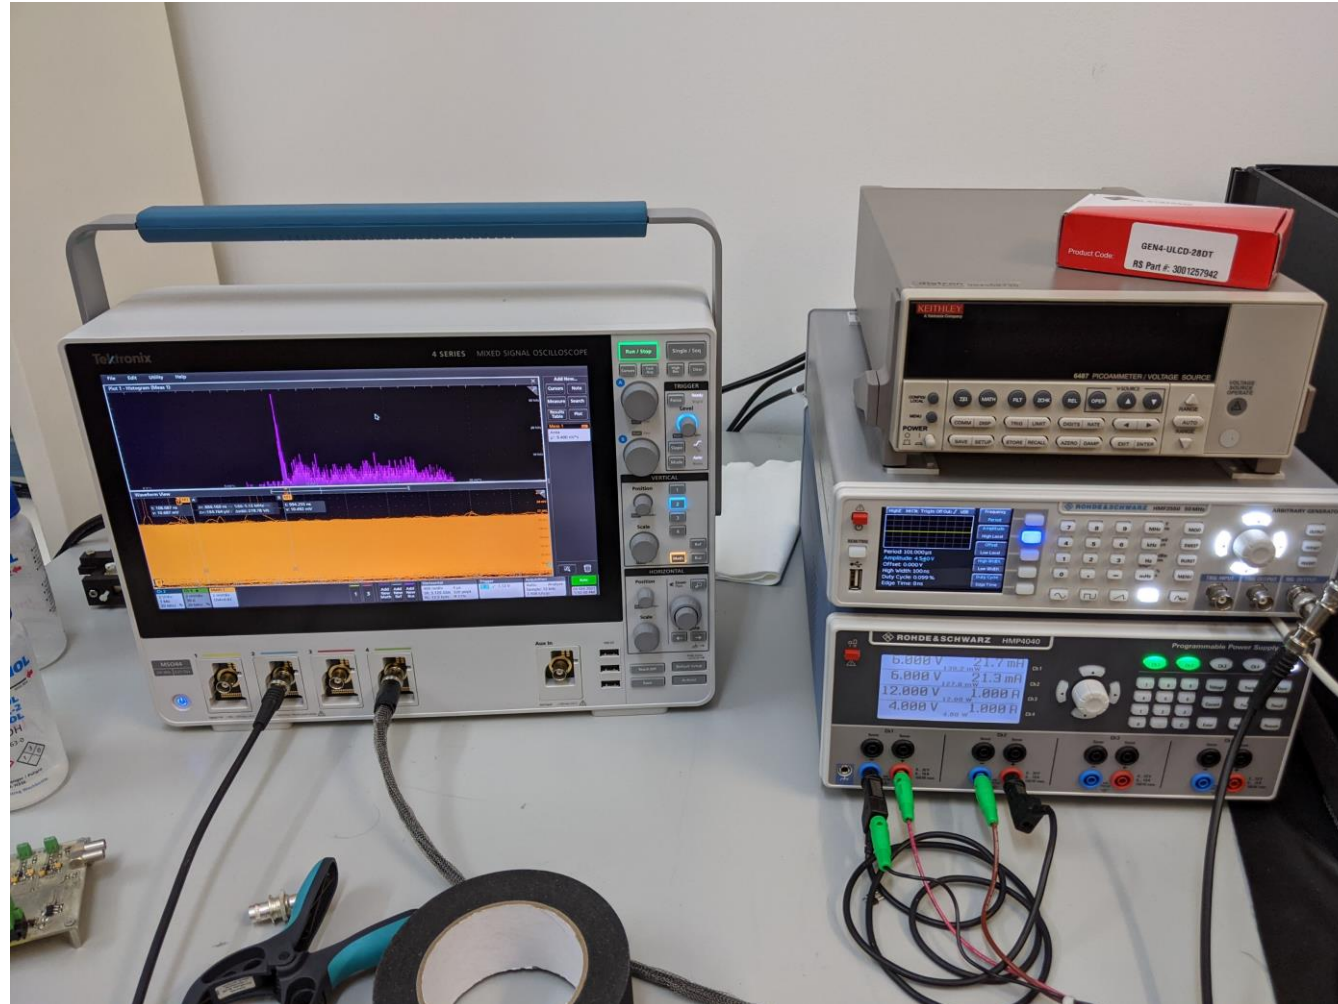

Setup

Amplifier Setup

Power sources and DAQ

SiPM power source

LED power source

Amp power source

Next steps

- Electrical noise reduced
- Find possible light leaks
- Do calibration
