

Workshop CSIC Strategic Theme "Understanding the basic components of the Universe, its structure and evolution"

ID de la contribución : 23

Tipo : no especificado

Theoretical overview on "Finding the underlying symmetries behind the fundamental components of matter"

miércoles, 22 de febrero de 2023 17:30 (15)

Presenter(s) : CASAS, Alberto (IFT-UAM/CSIC); VICENTE, Avelino (IFIC (CSIC-UV))

Clasificación de la sesión : Challenge 2: Finding the underlying symmetries behind the fundamental components of matter
