

Nufact08, 10th International Workshop on Neutrino Factories, Superbeams and Betabeams

Monday 30 June 2008

Working groups - S1: WG2 - Estufa Freda (15:00-17:00)

time	[id] title	presenter
15:00	[76] Theory of low energy nuclear effects	Sra. LEITNER, Tina
15:30	[77] Recent update on low energy theory	Dr. NIEVES, Juan M.
16:00	[78] Experimental studies of low energy charged current neutrino interactions	Sr. ALCARAZ AUNION, Jose Luis
16:20	[79] Experimental studies of neutral current pion production at low energy	Dr. TANAKA, Hidekazu
16:40	[80] Charged current pi-plus production from the K2K Scibar	Dr. WHITEHEAD, Lisa
