

# Nufact08, 10th International Workshop on Neutrino Factories, Superbeams and Betabeams

## Tuesday 01 July 2008

### Working groups - S4: WG3-WG4 - Sala multiusos (17:30-19:00)

time	[id] title	presenter
17:30	[110] Can we share a muon source among NF, MC and low energy muon programmes?	Dr. GEER, Steve
18:00	[111] Status of END to END simulation	Dr. PRIOR, Christopher
18:20	[112] Pion yields	Dr. BACK, John
18:35	[113] Status of studies of a solid target for a Neutrino Factory	Dr. EDGECOCK, Rob
18:50	[114] Study of a water-cooled solid target	Sr. BROOKS, Stephen
