

Jornadas de la Red Española de Futuros Colisionadores

Monday 01 July 2024

Discussion of Spanish input on colliders for the European strategy for particle physics (14:30-19:20)

time	[id] title	presenter
14:30	[1] Welcome	VOS, Marcel FOUZ, MaryCruz
14:45	[2] CPAN: plans for Spanish input document	COSTA, Maria Jose
15:10	[3] Spanish funding for CERN (TBC)	HERNANDEZ, Pilar HERNANDEZ, Pilar Hernandez Gamazo
15:35	[18] Plans of the ECFA Early Career Researchers	URDA, Lourdes
15:55	[5] ECFA Higgs/top/EW factory studies - Spanish contributions	HEINEMEYER, Sven
16:20	[6] The ILD detector concept - Spanish contributions	IRLES, Adrian FOUZ, MaryCruz
16:45	Coffee break	
17:20	[4] The FCC project - status and Spanish contributions	ALCARAZ MAESTRE, Juan
17:45	[7] The linear collider at CERN	STAPNES, Steinar
18:10	[15] Spanish linear collider effort	FUSTER VERDU, Juan Antonio
18:35	[8] The muon collider project - Spanish contributions	WULZER, Andrea

Tuesday 02 July 2024

Discussion of Spanish input on colliders for the European strategy for particle physics (8:55-14:00)

time	[id] title	presenter
9:00	[9] The CEPC project - status report	GAO, Jie
9:20	[16] Accelerator technology for the Higgs factory	OLVIER, conception
9:45	[17] Role of the Spanish science industry	SANCHEZ, Marcos
10:10	[11] Status of the instrumentation network	Prof. VILA ALVAREZ, Ivan
10:25	[10] Discussion time	RODRIGO, Germán JOSA, Isabel VILA ALVAREZ, Ivan URDA, Lourdes
11:00	Coffee break	
11:30	[14] Discussion - organization of the input document
