IRIS-HEP: Institute for Research and Innovation in Software in HEP

miércoles, 19 de noviembre de 2025 18:45 (15)

IRIS-HEP is a software institute funded by the National Science Foundation. It is developing state-of-the-art software cyberinfrastructure required for the challenges of data intensive scientific research at the High Luminosity Large Hadron Collider (HL-LHC) at CERN, and other planned HEP experiments of the 2020's.
