Luca Fiorini

Upgrade Project Meeting
23/09/2026

Tile IB News

- The next Tile IB will take place during the **Tile Calorimeter Week** in Cluj-Napoca ([link](#)).
- <https://indico.cern.ch/event/1724242/>
- Main news:
 - Legacy system material disposal
 - Rehearsal of ATLAS Week talks
 - José Manoel de Seixas passed away
- We have been asked for a first estimate of participation for commissioning in 2029-2030:
- Similar numbers to 2027-2028?

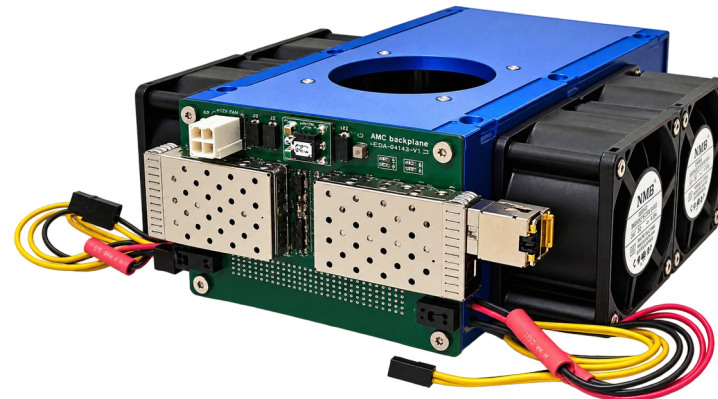

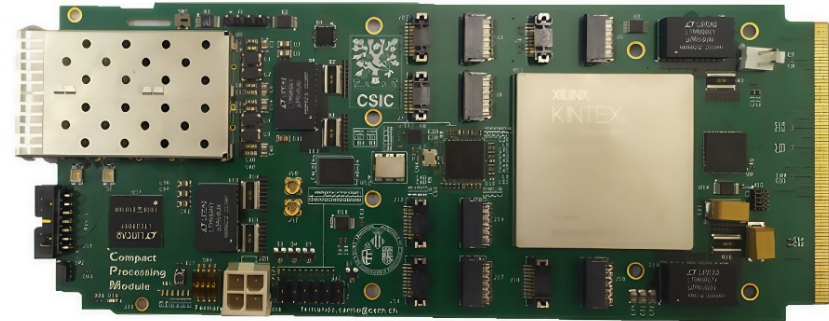

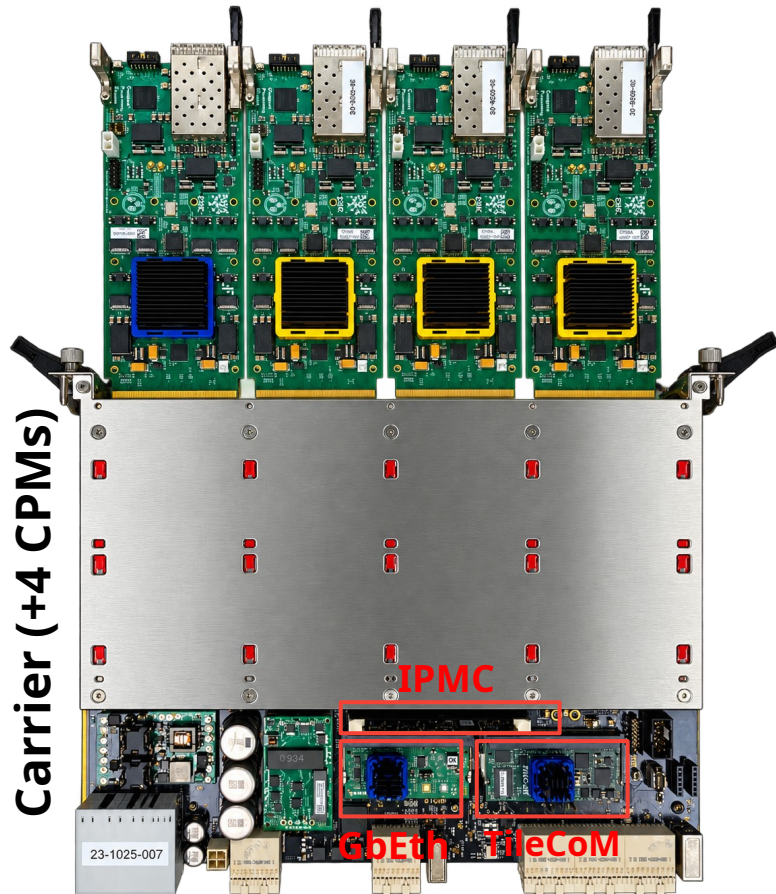

Luca Fiorini

 - ⇒ Rework and testing of the PMT blocks
 - ⇒ Mini-drawer & micro-drawer assembling
 - ⇒ Super-drawer testing for certification
- **Place:**
 - ⇒ Buildings 175 & 171 - our laboratory
- **When:**
 - ⇒ 32 weeks planned
 - ⇒ Schedule from 19 April to 26 November 2027

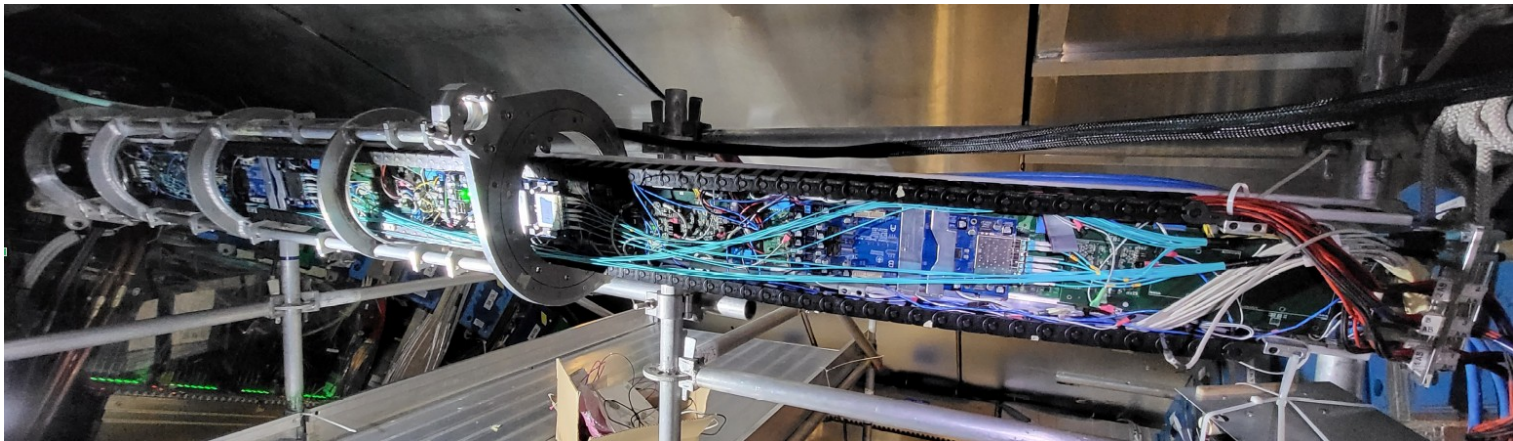

R1
B40

Shifts

- Shifts are 8 hours for both types.
 - **Mon-Fri 8:30-17:30**
 - **Training:**
 - ⇒ All technical details including videos will be provided on our pages
 - ⇒ Before starting the shift, the [documentation](#) has to be read
 - ⇒ When you start a shift, a training will be organised
 - ⇒ Support during the shifts as this is the team work
 - **Dosimeter:**
 - ⇒ Important: a dosimeter is needed for all activities in B175/171.
 - ⇒ Short-term dosimeter for associated personnel is possible.
 - ⇒ Please visit: <http://dosimetry.web.cern.ch/> for more information.

TileCal Demonstrator Module

Sign-up

- **Shift booking**

⇒ Opened on Tuesday - 22 September at 11am (CERN time).

⇒ More information at this [link](#).

⇒ Expert week planned for Nov 2-6
